The Magical Envelope Puzzle

Cut out and assemble the 3 pieces of this picture (place piece A in the bottom left corner).
Count the envelopes in the picture (there are 14). Reverse the position of piece A and piece B.
Count the envelopes again (there are now 13). One envelope has disappeared!
Where did it go?

Instructions

1. Cut out the 3 pieces of the picture.
   \[
   \begin{array}{c}
   A \\
   B
   \end{array}
   \]

2. Assemble the 3 pieces.
   \[
   \begin{array}{c}
   A \\
   B
   \end{array}
   \]

3. Count the envelopes (there are 14).

4. Reverse the position of piece A and piece B.
   \[
   \begin{array}{c}
   B \\
   A
   \end{array}
   \]

5. Count the envelopes again. One has disappeared!

6. Where did it go?
